May 23, 2023

Dear Parents/Guardians:

Sleepy Eye Medical Center is now scheduling Kindergarten and sports physicals for the 2023-2024 school year. We strongly encourage proactive scheduling to best accommodate your schedule.

During a well-child visit or physical, we review your child's health, development, sleep, nutrition, exercise, behaviors, vaccinations, and more. This is a prime opportunity to ask questions or share concerns about the health and well-being of your child.

Important Reminders for Physical Appointments:

- 1.) Have your child bring his/her eyeglasses to the appointment.
- 2.) A parent or guardian should accompany the child to the appointment.
- 3.) Physicals will be billed to your insurance.
- 4.) Sports Physicals: If possible, please bring a completed MN State High School League Exam Form. You can download/print the form at:
<https://www.mshsl.org/sites/default/files/2022-08/SQPE%20Physical%20Form%2022-23.pdf>
- 5.) Physicals will include an immunization review and the administration of a vaccine, if needed and requested.

Together, we look forward to ensuring that your child is ready for their first day of school and/or first game on the court or field. To schedule your child's appointment, call us at 507-794-3691.

Thank you for entrusting us with the care of your child and family.

Sincerely,

Mikayla Bruggeman
Community Relations Coordinator
Sleepy Eye Medical Center

Katie Bloedow, MSN RN, CLC
