

IMPORTANT LETTERMAN JACKET ORDERING INFORMATION

Earning a letterman jacket is a huge accomplishment – here are some important things to know when ordering your custom letterman jacket! If you have any questions regarding letterman jackets – please reach out to Borch’s Sporting Goods, Inc. and ask for Danielle!

- All letterman jackets are custom made. It is very important that you get sized for your letterman jacket in person. We will provide a sizing chart with your order form as a guide.
- If you have any loose patches that you may have received from your school that you would like added to your jacket, those patches need to be brought in at the time of order. **This includes the awarded letter that goes on the front of the jacket. We will not process any orders until all patches have been brought in.**
- We require \$100 deposit on all orders – the remaining balance can be paid when the jacket returns and is ready for pick up.
- **All sales are final on letterman jackets.** Please be sure to double check your order form to ensure all information provided is correct. We are not responsible for any errors provided on the order form that was not filled out with Borch’s letterman jacket sales representative.
- If you need more custom sizing – that option is available.
- Most schools provide the awarded letter and/or graduation numerals to the student athlete earned – here is a list of schools that we handle and whether or not they provide this information **(Those schools marked with an “X” means that information is provided that specific school and/or company):**
