

National Competition Policy

\$100 per qualified competitor, capped at a maximum of \$2000 per student activity or group. Students participating in multiple national level contests in different groups or activities, in any given year may only receive funding to a maximum of two competitions.

Conditions for receiving the funds would be along these lines:

- Student must have had to compete and won the right to advance to the national level of competition. Advancing to the next level of competition simply by participating at an event prior may not qualify.
- Student must be in good academic standing as outlined in the eligibility policy. The student cannot utilize the waiver option in order to receive funding, only to obtain permission to participate.
- Funding cannot be used for advisors, chaperones or other non-student attendees. Only qualified participating students are eligible.
- Funds can only be used to cover the costs of registrations, travel, food or lodging. They are not to be used for side excursions or personal items.
